Spanish - Native
English - Professional working proficiency

PROFESSIONAL SUMMARY

UX/UI Designer with professional frontend experience. I design clear, accessible, and visually polished digital products by combining research, information architecture, wireframing, prototyping, usability testing, UX writing, UI design, and technical thinking. My frontend background helps me create realistic solutions and collaborate effectively with developers.

EXPERIENCE

Junior UX Designer - Savergy

Savergy | Jun 2026 - Present

- Designed responsive UX/UI solutions for a digital energy brand, focusing on clarity, accessibility, and conversion.
- Created user flows, wireframes, high-fidelity interfaces, and developer-ready design specifications.

Frontend Developer

Ingerba - Full-time | Jan 2023 - Jun 2024 | Remote

- Implemented responsive user interfaces from UX/UI designs using HTML, CSS, JavaScript, React, and Next.js.
- Translated wireframes and prototypes into reusable, functional interfaces across desktop and mobile.

Frontend Developer Intern

ID for Ideas - Internship | Jun 2022 - Dec 2022

- Assisted in building responsive web interfaces and reusable components using HTML, CSS, JavaScript, React, and Next.js.

PORTFOLIO PROJECTS

ONETAP - UX/UI Case Study

Personal finance mobile app

- Designed a mobile experience to help users manage income, expenses, transactions, categories, and monthly balance with less friction.
- Worked across research, information architecture, user flows, wireframes, prototyping, usability testing, UX writing, and UI design.

FRAMEO - UX/UI Case Study

AI-powered streaming recommendation app

- Designed a product concept that helps users decide what to watch based on mood, time, context, and streaming platforms.
- Built user flows, wireframes, high-fidelity screens, UI components, testing material, and product documentation.
